

KIRKLARELI
UNIVERSITY

guide
for international students

FROM THE RECTOR

Our University aims to raise individuals who embrace and internalise both international and national values and devote themselves to improve their professional development and competences.

Our University, which acts with an understanding of following global developments in higher education closely and aims to be unique by getting strength from national, local, historical and cultural richness, adopts the principle of “being with the community, yet one step ahead”.

Kirkklareli University which was founded in 2007 is one of the young and dynamic universities of our country with its 11 faculties, 1 State Conservatory, 3 schools, 3 institutes, 7 vocational schools and 14 application and research centres.

Kirkklareli University continues its dedicated work to prepare its approximately 24.000 students for future in dynamic and contemporary educational environments with its 765 academics and 452 administrative staff. Kirkklareli city has a great potential with its location on European motorway that connects European countries to our country, its intensive industrial zones that creates employment, Istanbul and daily bus service to the Balkan countries.

This booklet has been prepared to give information about Kirkklareli University and to help you to get to know our university better. We are also happy to see you at our University.

Prof. Dr. Bülent ŞENGÖRÜR

Rector

CAMPUS LIFE

Kirkklareli University continues its educational activities in its buildings located on its modern campus built on an area of 3,580 acres in the Kayalı Campus, which is located 8 km away from Kirkklareli city center. Our university has one of the most beautiful campuses in Turkey.

In addition to research and education at our university, campus activities, has been designed in which our students can share social life with their educational activities. Facilities such as canteens, cafeterias, sports complexes and fitness center in various areas of our university contribute to the healthy and fun time of the students in extracurricular times.

ACCOMODATION SERVICES

Kirkklareli University, is one of the many educational institutions, which most meets the accommodation needs of students in Turkey. Near the Central Campus, there are state dormitories for 5,550 students capacity (4250 female students, 1500 male students), which has healthy, comfortable living spaces and appropriate study spaces. There are dormitories in the city centre with a capacity of 780 female students and 594 male students. In Lüleburgaz district, there is also a female students dormitory with a capacity of 384 students, which also belongs to Higher Education Credit and Hostels Institution. There are also private dormitories close to Kavaklı Campus for 600 students, in Pınarhisar for 300 students and in Babaeski for 300 students. Moreover, there are many other dormitories, flats and state-owned guesthouses in Kirkklareli and in its districts.

TRANSPORTATION SERVICES

Domestic transportation to Kırklareli is possible via land and airline connections. There are round-trip flights from Çorlu Airport to Ankara and from İstanbul Airport to all provinces. There are direct bus services to Kırklareli - İstanbul, Kırklareli - Ankara, Kırklareli - İzmir, Kırklareli - Konya, Kırklareli - Muğla, Kırklareli - Edirne, Kırklareli - Tekirdağ, Kırklareli - Çanakkale.

FOOD SERVICES

In order to meet the food needs of our students, various dining alternatives are offered to the students in the dining halls in all campuses. The fees in the dining halls are quite affordable for the students and the food production facilities are regularly inspected by the staff in order to provide the highest quality and healthy food service.

SCHOLARSHIP

Our students can benefit from non-refundable scholarships granted by the Credit and Dormitories Institution or apply for educational scholarships granted by various institutions. Our university provides food scholarships to its successful and low-income students to meet the need for lunch. In addition, the Part-Time Student Recruitment Program is implemented in the Rectorate units of our University. The program is announced to our students at the beginning of each academic year.

HEALTH SERVICES

The primary care center for the health problems of our students, administrative and academic staff

working in affiliated faculties, schools of our university is the Emergency Response Centre, which is a unit of Directorate of Health, Culture and Sports.

Emergency Response Centres provides services both on Central Campus and Kavaklı Campus. Here, when a patient comes first the problem is diagnosed and primary care is provided. If further care is needed the patient is referred to Kirkkarelî Public Hospital. There is also a health clinic on Central Campus and one doctor and one nurse provide health services to patients everyday on weekdays.

FOREIGN LANGUAGE

In the framework of the Common European Framework of Reference for Languages, our university provides

necessary foreign language skills for cultural and social life to undergraduate and graduate students at B1 and B2 level.

LIBRARY SERVICES

The Central Library serves our students with its rich printed and electronic resources on weekdays between 08.00-22.00. Our library has modern work areas, reading rooms and internet rooms. An access is provided to the work written in many languages from all over the world and every day more than 500 users benefit from the resources in our library.

INTERNET ACCESS

Our University, which makes use of technological facilities as much as possible, offers computer and internet services equipped with the latest technology on campus and in all units. Our University, which serves our students and staff with a large number of specially equipped computer laboratories, also provides e-mail address, free internet and, wi-fi usage for every student. With an internet output rate of 350 Mbit / second, wi-fi is actively used at every point of the campus.

SOCIAL, CULTURAL, ARTISTIC ACTIVITIES

One of the main priorities of Kırklareli University is to enable students to evaluate their extracurricular time with social, cultural, artistic and sporting activities. Every

year Career Days and Employment Fair activities are organized in our university in order to help our students to meet the business world, learn about different sectors and guide their career. In addition, concerts, theater shows, cinema shows, street festivals, commemoration and celebration ceremonies, exhibitions, congresses, panels, symposiums and conferences, as well as various social, cultural and artistic activities are held throughout the year.

GRADUATE EDUCATION

Post graduate education activities are carried out by the institute directorates. The graduate education programs carried out by the 3 institute directorates at our university are shown on pages 32 and 33.

STUDENT CLUBS

Kirkkarelil University considers the formation of student clubs as a part of the University life to support the social, cultural and academic development of the students. With the activities organized by these clubs, it is aimed to educate students as individuals who have investigative and creative skills, are self-confident, entrepreneur and have developed a sense of responsibility.

61 student clubs are active in our university. Clubs draw attention with activities which shape resting, having fun and social participation habits of students. They also do social, cultural, artistic and sporting activities and give weight to professional activities which benefits academic education. Our students can develop themselves also in different areas other than their programs by being a member of the club they want and attending their activities.

Our Student Clubs:

- Anadolu Youth Club*
- Atatürk's Thought Club*
- European Union Club*
- Nutrition Club*

UNIVERSITY - INDUSTRY COOPERATION

TECHNOLOGY TRANSFER OFFICE

The Office was established in 2015 to strengthen the R & D structure of the University by contributing to the development of R & D projects, to contribute to the development of university and industry cooperation, to introduce the projects which are developed at our university to investors and to assist in licensing and commercialization of these projects.

PROJECT DEVELOPMENT AND COORD OFFICE

The Project Development and Coordination Office, which was established in 2019, aims to improve the project culture at our University, to maximize the use of the national and international funding resources by our research academics, to increase the potential of providing high quality projects and to encourage researchers for project applications.

KIRKLARELİ UNIVERSITY TECHNOPOLIS

The decision to establish the Kirkklareli University Technology Development Zone (Technopolis) was taken in 2018. Infrastructure works of the Technopolis are in progress. When our Technopolis is completed, it will contribute to strengthening Turkey's R & D and technological infrastructure based on innovation.

WORKPLACE TRAINING SYSTEM

In this system, our university students reinforce their knowledge and experience gained during their education period by participating in the work and production process related to their fields, recognizing the organizational structure in the workplaces and gaining business discipline.

7 + 1 Workplace Training System (7 semester theoretical course, 1 semester workplace training) is applied in the Faculty of Engineering Food Engineering Program and the Faculty of Technology Energy Systems Engineering Program and Mechatronics Engineering Program.

In the programs indicated in the following table of our Vocational Schools, education is carried out in accordance with 3 + 1 Workplace Training System (3 semester theoretical courses and 1 semester workplace training).

3 + 1 TRAINING SYSTEM PROGRAMS

VOCATIONAL SCHOOL	PROGRAM
Vocational School of Technical Sciences	Fashion Design Program
	Food Technology Program
	Machinery Program
	Electricity Program
	Electronic Technology Program
	Mechatronics Program
	Computer Programming Program
	Clothing Production Technology
Vocational School of Social Sciences	Accounting and Tax Applications Program
Vocational School of Health Services	Opticianary Program
Lüleburgaz Vocational School	Accounting and Tax Applications Program
	Office Management and Executive Assist Program
	Electricity Program
	Computer Programming Program
	Textile Technology
Babaeski Vocational School	Office Management and Executive Assist Program
	Local Governments Program
Pınarhisar Vocational School	Building Inspection Program
	Computer Programming Program
Vize Vocational School	Accounting and Tax Applications Program

SPORT

With its sports facilities, our university pays great attention to enable students to spend enjoyable, productive and quality time. For this purpose, indoor sports halls, football fields, basketball and volleyball courts, a tennis court and a fitness centre were brought into use.

In the fitness centre which came into service in 2016, there are two sports halls, a free weight room, a spin bike

room, a squash court, male and female changing rooms and showers. It is open from 10:00 to 20:00 on weekdays.

Our University attends to team sports competitions such as football, futsal, basketball and volleyball as well as individual tournaments such as judo, taekwondo, boxing, kickboxing and athletics, which are organized by Turkish University Sports Federation.

INTERNATIONAL RELATIONS

EUROPEAN UNION EXCHANGE PROGRAM: ERASMUS

Since its foundation, Kirkklareli University has been actively participating in Erasmus Exchange Program which provides mobility for students and academics. Erasmus Exchange Program gives opportunities to undergraduate, postgraduate and PhD students to study or do internship for one or two terms in a higher education institution of the European Union member states. Our University has 90 Erasmus agreements with 26 countries 18 of which are European countries.

EXCHANGE OPPORTUNITIES WITH OTHER COUNTRIES

Our University has other protocols, which were signed with higher education institutions of other countries other than Erasmus. By means of these protocols Kirkklareli University students have the opportunity to study in many different countries (with or without scholarship).

MEVLANA PROGRAM

Mevlana Exchange Program is a program, which aims the exchange of students and academic staff between the Turkish higher education institutions and higher education institutions of other countries. Our students and academics benefit efficiently from Mevlana Program through the agreements.

NATIONAL EXCHANGE PROGRAM: FARABI

With Farabi Exchange Program, KirkklareliUniversity gives the opportunity to its students and academics to continue their education at another higher education institution in our country for one or two years through Farabi Exchange Program.

ACCEPTING INTERNATIONAL STUDENT

Our University accepts international students without examination as long as they are graduate from high school. 1.483 international students from 38 different countries are studying at Kirkklareli University.

RESEARCH AND APPLICATION CENTERS

CONTINUING EDUCATION APPLICATION AND RESEARCH CENTER

In accordance with the needs of students, graduates, academics and the society, Continuing Education Centre, taking advantage of the expert academic staff in the field, prepares and develops original and high quality education programs and contributes to provide a better quality of life and social environment for all segments of the society.

The center provides certificates for students to add to their resumes after graduation. At the end of each training, "Participation Certificate" is given to the students. Some of the training programs are: Personel Development, Graphic Design, Auto Cad, Project Cycle Management (PCM), Basic First Aid approved by the Ministry of Health, Quality Assurance System, YDS, YÖK-DİL and ALES courses.

sem.klu.edu.tr

TURKISH TEACHING APPLICATION AND RESEARCH CENTRE (TÖMER)

TÖMER aims teaching languages mainly Turkish through variety of courses and seminars, developing and applying language teaching and learning techniques. Moreover, Teaching Turkish to Foreigners, Teaching Turkish to Foreigners to become an Instructor, Ottoman Turkish, Creative Writing and Diction certificate courses are organized at TÖMER.

tomer.klu.edu.tr

DISTANCE LEARNING APPLICATION AND RESEARCH CENTRE

Distance Learning Application And Research Centre (KLUZEM) started its academic activities in the 2013-2014 academic year. Atatürk's Principles and History of Turkish Revolution I-II, Turkish Language I-II and Basic Computer Technologies courses of our university's associate degree and undergraduate programs and English I-II courses of our university's associate degree programs are taught through our distance education portal ALMS. In addition, it provides online support by providing material sharing, communication and quiz services to all courses taught in undergraduate and associate degree programs.

kluzem.klu.edu.tr

AFRICAN STUDIES APPLICATION AND RESEARCH CENTRE

The aim of the Centre is to do scientific researches related to Turkey's bilateral and multilateral relations with African countries and historical, cultural, political, economic, sociological and geopolitical structure of these relations by following the political, economic, and cultural developments in Africa. Moreover, it is aimed to plan and conduct research and application projects using the researches, provide consultancy service to the state and private institutions acting in this continent and train needed experts.

acm.klu.edu.tr

PUBLIC DIPLOMACY APPLICATION AND RESEARCH CENTRE

The aim of the Center is to carry out scientific, economic, cultural, social and scientific research and studies on global relations issues such as global politics, public diplomacy, cultural diplomacy, diaspora diplomacy and soft power; to create and share knowledge by carrying out joint projects together with relevant institutions and organizations in Turkey and abroad.

kadam.klu.edu.tr

EUROPEAN STUDIES APPLICATION AND RESEARCH CENTRE

The centre was founded in order to research Turkey's European Union integration process from political, economic, legal, social and cultural aspects and inform the university and the whole community about researches which are made with an interdisciplinary approach to improve relations with member and candidate countries of the European Union.

ces.klu.edu.tr

BALKAN STUDIES APPLICATION AND RESEARCH CENTRE

The centre operates to organize national and international conferences on economic, political and cultural issues from past to present among Turkey and the Balkan countries, to conduct scientific research and to ensure their publication.

kirkbal.klu.edu.tr

ECONOMIC AND SOCIAL STUDIES APPLICATION AND RESEARCH CENTRE

The centre aims to carry out scientific, economic, cultural, social and legal scientific research and studies on national and international issues and to ensure the creation and sharing of knowledge by carrying out joint projects with relevant institutions and organizations in Turkey and abroad.

kesam.klu.edu.tr

ENERGY TECHNOLOGIES APPLICATION AND RESEARCH CENTRE

The centre aims to conduct researches in the field of energy technologies, especially about application and to do researches to develop and promote method, process and technology for producing clean energy that is compatible with the environment using alternative / renewable energy sources such as wind, solar, geothermal and biomass. In addition, it is also aimed to increase the efficiency in the use of classical energy resources such as coal, oil, natural gas, nuclear, and to carry out research and development (R & D) studies to eliminate / reduce the possible negative effects of the energy producing centers using these resources and to develop and apply new methods, processes and technologies about them.

etam.klu.edu.tr

FOOD CONTROL APPLICATION AND RESEARCH CENTRE

The centre was founded to contribute to the development of new food technologies in cooperation with the food industry by conducting the food analyzes needed by other institutions and organizations, especially the university and to provide a working environment for researchers in all units of Kirklareli University and to produce joint projects by cooperating with universities, institutions and organizations in Turkey and abroad.

gkuam.klu.edu.tr

ADVANCED TECHNOLOGIES APPLICATION AND RESEARCH CENTRE

The centre was founded in order to make scientific researches and studies about computers, electrical-electronics, energy, physics, chemistry, construction, food, materials, genetics, health, agriculture, animal husbandry and to conduct scientific and practical studies to solve problems between the University and industry by carrying out joint projects with the relevant institutions and organizations in Turkey and abroad.

ituam.klu.edu.tr

CAREER APPLICATION AND RESEARCH CENTRE

The center was founded in 2015 to give information about the business world to our students and to provide consultancy and information services for each of our students in order to carry out activities and studies in order to increase their professional and personal skills according to market qualifications and requirements.

Activities such as individual and group career counseling, career days, employment fairs, workplace visits, seminars and trainings given by experts in the market, online based career services (www.trakariyer.org), company and student databases and alumni day are some of the services offered to our students and alumni in the Career Center.

kariyer.klu.edu.tr

TURKIC STUDIES APPLICATION AND RESEARCH CENTRE

The center was founded in order to make Turkic studies with an interdisciplinary approach.

turkiyat.klu.edu.tr

WOMAN AND FAMILY STUDIES APPLICATION AND RESEARCH CENTRE

The center was founded in order to conduct scientific research and meetings on women's issues at national and international level, to organize scientific events such as conferences and panels, to carry out training activities, to provide consulting services, to develop projects, to offer solutions to current women's problems and to contribute to the development of the country by cooperating with related institutions and organizations in this field.
